Manda Fischer, PhD

Curriculum Vitae

Department of Psychological & Brain Sciences
University of Toronto Mississauga
Mississauga, ON, Canada

Email: manda.fischer@utoronto.ca
Website: mandafischer.github.io
Citizenship: Canadian
Languages: English; French

TRAINING

Academic Appointments

2025 - **NSERC Postdoctoral Fellow**, University of Toronto Mississauga
Advisor: Dr. Keisuke Fukuda

2023 - 2025 **Postdoctoral Associate**, Western University
Advisor: Dr. Ingrid Johnsrude

Education

2023 **Ph.D. in Psychology (Cognitive Neuroscience)**, University of Toronto - Baycrest Hospital
Advisors: Dr. Claude Alain and Dr. Morris Moscovitch

2019 **M.A. in Psychology (Cognitive Neuroscience)**, University of Toronto - Baycrest Hospital
Advisors: Dr. Claude Alain and Dr. Morris Moscovitch

2018 **B.Sc. in Honours Psychology** with First Class Honours [3.96 GPA], McGill University
Advisor: Dr. Stephen McAdams

Visiting Scholar – Fully Funded

2022 **Project:** fMRI and DTI analysis to assess cross-modal reorganization of the visually deprived cortex
Oxford University | Advisor: Dr. Kate Watkins

2020 **Project:** Developing a pipeline for EEG source analysis in Brainstorm
The Virtual Brain | Internship

2018 **Project:** Machine learning (MVPA) of fMRI data during music training
Montreal Neurological Institute | Advisor: Dr. Robert Zatorre

RESEARCH INTERESTS

Memory can both support and distort perception, particularly when sensory information is incomplete or uncertain. My research investigates the principles governing these influences across audition and vision, with particular attention to **WHO** differs in their susceptibility to prior experience, **WHEN** learned information becomes behaviourally consequential, and **HOW** memory interacts with incoming sensory evidence. Rather than treating variability as noise, I use differences across individuals, tasks, and sensory modalities to uncover the general principles and boundary conditions of memory-guided perceptual decision-making. Combining targeted experimental manipulations with individual-differences analyses, electroencephalography (EEG), and computational modelling, I pursue two overarching goals: (1) to establish a supramodal account of how memory shapes perception and (2) to understand how prior experience helps or hinders perception in complex everyday listening environments, with the longer-term aim of supporting perception in the face of age-related sensory decline.

PUBLICATIONS

**Indicates student trainee under my supervision.*

Peer-Reviewed Journal Articles [N = 6; All First Author]

Fischer, M., & Fukuda, K. (submitted). Auditory working memory is susceptible to intrusions from subsequent sounds. *PsyArXiv.* https://doi.org/10.31234/osf.io/4r2mj_v1

Manuscripts in Preparation [N = 3; All First Author]

Fischer, M., Malheiro, G.*, & Johnsrude, I. (in preparation). Individual differences in the benefits and costs of familiar voices across a delay.

Fischer, M., & Fukuda, K. (in preparation). Reliability and cross-modal correspondence of individual differences in auditory and visual working memory.

Fischer, M., & Fukuda, K. (in preparation). Comparing neural signatures of auditory and visual working-memory interference.

FUNDING, FELLOWSHIPS & HONOURS

Funding [N = 14 Total; N = 10 National] (Total Funding Offered: $518,046.72)

2025	NSERC (Natural Sciences & Engineering Research Council) Postdoctoral Award ($140,000 over 2 years)	National
2025	University of Toronto Mississauga Tri-Council Postdoctoral Fellowship Top-Up ($24,000 over 2 years)	Institutional
2023	Western University Postdoctoral Fellowship ($150,846.72 over 2 years)	Institutional
2022	Women in Cognitive Science Small Research Grant for Jr Scientists ($1,500)	National
2020	NSERC Canada Graduate Scholarship-Doctoral, **ranked No.1 in Psychology** ($105,000 over 3 years)	National
2020 (declined)	NSERC Complex Dynamics Training Grant ($26,000)	National
2020	NSERC Michael Smith Foreign Study Supplement ($6,000)	National
2020	Mitacs Globalink Research Award ($6,000)	National
2019	NSERC Complex Dynamics Training Grant ($26,000)	National
2019 (declined)	NSERC Canada Graduate Scholarship-Master's ($17,500)	National
2018	FRQNT Undergraduate Student Research Award ($2,000)	Provincial
2018	NSERC Undergraduate Student Research Award ($5,600)	National
2017	FRQNT Undergraduate Student Research Award ($2,000)	Provincial
2017	NSERC Undergraduate Student Research Award ($5,600)	National

Selected Honours & Awards [N = 14 Total; N = 5 International] (Total Awarded: $13,370.00)

2025	Travel Award, Association for Research in Otolaryngology ($750)	International
2024	Accessible Presentation Award, Association for Research in Otolaryngology	International
2024	Top Three Best Postdoc Talk, Association for Research in Otolaryngology	International
2023	Jack and Rita Catherall Fund, Rotman Research Institute at Baycrest ($500)	Institutional
2022	Jack and Rita Catherall Fund, Rotman Research Institute at Baycrest ($500)	Institutional
2021-2022	Top Cited Article Recognition, WIREs Cognitive Science *Recognized among the journal's top-cited articles based on Clarivate Analytics citation data*	International
2020-2021	Top Cited Article Recognition, WIREs Cognitive Science	International
2019	Finkler Graduate Fellowship, Rotman Research Institute at Baycrest ($3,000)	Institutional
2019	Ebbinghaus Award - Best Talk, Toronto Area Memory Group Meeting ($75)	Regional
2018	Faculty Arts & Science Admissions Award, University of Toronto ($5,000)	Institutional
2017	Celia Hendler Scholarship in Psychology, McGill University ($3,545)	Institutional
2016-2018	Dean's Honour List (top 10%), McGill University	Institutional
2014-2015	Dean's Honour Roll (90% average or above), Vanier College	Institutional
2013	Governor General's Academic Medal (highest average), F.A.C.E. School	Institutional

RESEARCH PRESENTATIONS

Invited Talks [N = 10; All First Author]

Fischer, M. (2025). How long-term memory and attention shape what we hear. Special Seminar, Université du Québec à Montréal (UQAM), Montreal, QC, Canada.

Fischer, M. (2025). The sound of memory: Investigating the relationship between memory and auditory perception. Perception Cognition & Language Group, University of Toronto Mississauga, ON, Canada.

Fischer, M. (2024). How does memory prepare us to act? Using EEG to track dynamic retrieval processing. Köhler Memory Lab, Western University, London, ON, Canada.

Fischer, M. (2023). Ready for action: When the brain learns, yet memory-biased action does not follow. Brain & Mind Coffee Talk, Western University, London, ON, Canada.

Fischer, M. (2023). Ready for action: When the brain learns, yet memory-biased action does not follow. Stanford Memory Lab, Stanford University, Stanford, CA, USA (online).

Fischer, M. (2022). Optimizing attention and performance: The role of experience and memory. Nobre Brain and Cognition Lab, Oxford University, Oxford, UK.

Fischer, M. (2022). Memory-guided attention in hearing. Watkins Speech and Brain Lab, Oxford University, Oxford, UK.

Fischer, M., Moscovitch, M., & Alain, C. (2021). Mapping 'expectation for perception': Directed attention at encoding facilitates response preparation to high probability events. Society for Psychophysiological Research (SPR), The Faces of the Future Flash Talks (online/COVID-19).

Fischer, M., Soden, K., Thoret, E., Montrey, M., & McAdams, S. (2019). The role of timbre in perceptual segregation in orchestral music. Society for Music Perception and Cognition, New York, NY, USA.

Fischer, M. (2017). The role of timbre in auditory stream segregation. Harnad Cognition & Communication Lab, Université du Québec à Montréal (UQAM), Montreal, QC, Canada.

Talks [N = 14; All First Author]

Fischer, M., & Fukuda, K. (2026). Dissociating predictive and postdictive audiovisual inference: A unified cue-weighting principle. Canadian Society for Brain, Behaviour and Cognitive Science, Toronto, ON, Canada.

Fischer, M., & Fukuda, K. (2026). Dissociating predictive and postdictive audiovisual inference. Vision Sciences Society, St. Pete Beach, FL, USA.

Fischer, M. (2025). Characterizing the role of memory in guiding auditory perception. Brain & Mind Coffee Talk, Western University, London, ON, Canada.

Fischer, M., & Johnsrude, I. (2024). The Morgan Freeman effect: Advantages and disadvantages of listening to speech under distraction. Auditory Perception, Cognition, & Action Meeting (APCAM), New York, NY, USA.

Fischer, M., Moscovitch, M., & Alain, C. (2024). Incidental learning enhances auditory sensitivity in real-world soundscapes. Association for Research in Otolaryngology MidWinter Meeting, Anaheim, CA, USA. ***Awarded Top Three Best Postdoc Talk.**

Fischer, M., Moscovitch, M., & Alain, C. (2022). Acoustic change detection during associative auditory learning and explicit memory is related to enhanced signal detection at retrieval. APCAM Meeting, Boston, MA, USA.

Fischer, M., Moscovitch, M., & Alain, C. (2022). What you heard is where you listen: Alpha and theta differences localized to parietal and temporal lobes support memory retrieval for cued sound location. Ebbinghaus Empire Data Blitz, The University of Toronto (online/COVID-19).

Fischer, M., Moscovitch, M., & Alain, C. (2021). Mapping 'expectation for perception': Directed attention at encoding facilitates response preparation to high probability events. Canadian Society for Brain, Behaviour and Cognitive Science Annual Meeting (online/COVID-19).

Fischer, M., Moscovitch, M., & Alain, C. (2021). Optimizing attention and performance: The role of experience and memory. Ebbinghaus Empire Data Blitz, The University of Toronto (online/COVID-19).

Fischer, M., Moscovitch, M., & Alain, C. (2020). Directed attention at exposure modulates implicit memory for real-world soundscapes at retrieval. APCAM Meeting (online/COVID-19).

Fischer, M. (2019). Memory-guided attention in hearing. Rotman Research Trainee SpeakEasy, The Rotman Research Institute at Baycrest Hospital, Toronto, ON, Canada.

Fischer, M., Moscovitch, M., & Alain, C. (2019). Incidental auditory learning and memory-guided attention: A behavioural and electroencephalogram (EEG) study. APCAM Meeting, Montreal, QC, Canada.

Fischer, M., Moscovitch, M., & Alain, C. (2019). Does everyday auditory experience facilitate memory-guided attention? Toronto Area Memory Group Meeting, Toronto, ON, Canada. ***Awarded Best Talk.**

Fischer, M., Moscovitch, M., & Alain, C. (2019). Incidental auditory learning and memory-guided attention: A behavioural and EEG study. Toronto Auditory Research Group Meeting, Toronto, ON, Canada.

Selected Poster Presentations [N = 19; N = 16 First Author]

RESEARCH SUPERVISION & MENTORSHIP

University of Toronto - Mississauga

2026 - Present	Parneet Kalirao, BA research opportunity student
2026 - Present	Sabahat Chowdhury, BA research opportunity student
2026	Caroline Yuan, University of Toronto Excellence Award (UTEA) Summer Research Student
2025 - Present	Kayla Vasquez, BA Research Opportunity Program student; continued as a thesis student

Western University - Brain & Mind Institute

Research Supervision

2024 - 2025	Grace Malheiro, Honours BHSc Independent Study student; continued as a competitively funded summer researcher
2024 - 2025	Maxine Montpetit, MA/PhD student (MA research co-supervision)
2024 - 2025	Vibha Sarathy, Medical Sciences research project student
2023 - 2024	Harsh Patel, undergraduate research volunteer
2023 - 2025	Lauren McBay, MA/PhD student (MA research co-supervision)

Methods Training (EEG)

2025	Rachel Sargeson, PhD student
2025	Suesan MacRae, PhD student
2025	Mackenzie Bain, PhD student
2025	Sabrina Saladeen, BA student

Baycrest Hospital Rotman Research Institute

2021 - 2022	Shimin Mo, BA co-op student; continued as a BA thesis student
2021 - 2022	Juan Martin Soto, BA co-op student
2019 - 2020	Shahier Paracha, BA student
2019	Karishma Ramdeo, BA student
2019	Parnian Tajbakhsh, BA student

TEACHING EXPERIENCE

University of Toronto – Mississauga

Fall 2026	Human Memory: The World within your Mind (PSY372)	Instructor of Record
Summer 2026	Human Memory: The World within your Mind (PSY372)	Instructor of Record

Western University

Summer 2025	Foundational Research Skills 11-Week Workshop Series	Organizer & Instructor
Winter 2025	Research Methods II (PSY2856)	Guest Lecturer
Winter 2025	Psychology of Eating (PSY2054)	Guest Lecturer
Winter 2025	Neuropsychology and Cognitive Neuroscience (PSY3224)	Guest Lecturer

University of Toronto – St. George

Quantitative & Research Methods

2022	Introduction to Statistics (PSY201)	Teaching Assistant
2021	Advanced Statistics (PSY202)	Tutorial Instructor
2021	Introduction to Statistics (PSY201)	Teaching Assistant
Summer 2020	Introduction to Statistics (PSY201)	Teaching Assistant
Spring 2020	Introduction to Statistics (PSY201)	Teaching Assistant
2019	Psychological Research (PSY203)	Teaching Assistant
2019	Introduction to Statistics (PSY201)	Teaching Assistant
2018	Introduction to Statistics (PSY201)	Teaching Assistant

Other

2023	Introduction to Psychology (PSY100)	Teaching Assistant
2021	The Psychology of Prejudice (PSYC12)	Teaching Assistant
2020	Introduction to Psychology (PSY100)	Teaching Assistant
2020	Introduction to Social Psychology (PSY220)	Teaching Assistant
2020	Personality and Its Transformations (PSY230)	Teaching Assistant
2019	Cognitive Neuroscience (PSY493)	Guest Lecturer

Lectures [N = 8]

Fischer, M. (February 2025). "Research methods in memory research" for *Research Methods II (PSY2856)* at Western University, London, ON, Canada. [30 students]

Fischer, M. (February 2025). "How to read a journal article" for *Psychology of Eating (PSY2054)* at Western University, London, ON, Canada. [30 students]

Fischer, M. (January 2025). "From synapses to stories: The neuroscience of memory and learning" for *Neuropsychology and Cognitive Neuroscience (PSY3224)* at Western University, London, ON, Canada. [30 students]

Fischer, M. (April 2021). "Memory-guided attention: A look at the neural correlates that underlie expectation for perception" for *Neuroscience Research Group* at York University, Toronto, ON, Canada. [30 attendees]

Fischer, M. (May 2019). "Statistical variability" for *Introduction to Statistics (PSY201)* at University of Toronto, Toronto, ON, Canada. [150 students]

Fischer, M. (May 2019). "Introduction to hypothesis testing" for *Introduction to Statistics (PSY201)* at University of Toronto, Toronto, ON, Canada. [150 students]

Fischer, M. (April 2019). "The psychology of music: Our brain is a super decoder for incoming sound" for *Cognitive Neuroscience (PSY493)* at University of Toronto, Toronto, ON, Canada. [50 students]

Fischer, M. (February 2019). "Does everyday auditory experience facilitate memory-driven attention?" for *Graduate Speaker Series* at University of Toronto, Toronto, ON, Canada. [25 attendees]

Workshops [N = 6]

Fischer, M. (July 2025). "How to give a compelling talk" for *Foundational Research Skills Workshop Series* (Organizer & presenter), Western University.

Fischer, M., & Sansom, L. (July 2025). "Making connections: Synthesizing research for coherent writing" for *Foundational Research Skills Workshop Series* (Organizer & presenter) for Western University.

Fischer, M. (June 2025). "Strategies for reading and organizing research effectively" for *Foundational Research Skills Workshop Series* (Organizer & presenter), Western University.

Fischer, M. (May 2024). "Introduction to EEG" for *Discovery Day,* Brain & Mind Institute, London, ON, Canada.

Fischer, M. (May 2022). "Your amazing brain" for *Science Day*, Banbury Museum in partnership with Oxford University, Oxford, UK.

Fischer, M. (November 2020). "Introduction to EEG" for *Open House*, Rotman Research Institute at Baycrest Hospital, Toronto, ON, Canada.

TEACHING & PEDAGOGICAL DEVELOPMENT

Certificates

2025	Certificate in University Teaching and Learning, Western University [65 hours]
2021	Graduate Teaching Workshop and Certificate, University of Toronto [12 hours]

Courses in Teaching & Pedagogy

Components of Certificate in University Teaching and Learning

2025	Advanced Teaching & Pedagogy, Western University [30 hours]
2025	Teaching & Mentorship Program, Western University [15 hours]

Selected Workshops & Symposia [N=9; 18 hours]

2025	Research on Teaching and Learning Symposium, Western University
2025	Culturally Relevant Pedagogy & Universal Design for Learning, Western University
2025	Communication in the Canadian Classroom, Western University
2025	Connecting, Understanding, & Empowering, Western University
2025	AI in Teaching & Learning, Western University
2024	Supporting International Students in the Classroom, Western University
2024	Collaborating with Western Libraries, Western University
2024	How to Be a Good Mentor and Mentee, Western University
2021	Teaching, Supporting, & Evaluating Student Writing, University of Toronto

SERVICE & OUTREACH

2022 - Present	**Ad hoc Reviewer:** *Attention, Perception, & Psychophysics, Cerebral Cortex, Hearing Research, Human Brain Mapping, Music Perception, Nature Communications, Proceedings of the National Academy of Sciences of the United States of America (PNAS), Psychological Science, Scientific Reports*
2026 - Present	**Journal Sponsor**, University of Toronto's Journal of Scientific Innovation
2026	**Poster Judge**, University of Toronto Mississauga Undergraduate Research Day
2024 - 2025	**Postdoctoral Representative**, University Research Board of the Senate, Western University
2024 - 2025	**Founding Member**, Food Support Program, Western University
2024	**Science Outreach Volunteer**, Science Rendezvous
2024	**EEG Demonstrator & Mentor**, Discovery Day for high school students
2024	**Poster Judge, Postdoctoral Representative & Mentor**, Inspiring Diversity in STEM 2024 Conference
2023	**Submission Reviewer**, Rotman Research Institute Conference
2022 - 2023	**Graduate Application Mentor,** University of Toronto Equity, Diversity & Inclusion Committee
2022	**Science Volunteer & Guide**, Banbury Museum Science Day for Children Who Are Blind
2020	**EEG Demonstrator**, Baycrest Hospital Open House
2019 - 2023	**Panelist & Mentor**, University of Toronto Cognitive Neuroscience Recruitment
2018	**Conference Organizing Committee Member**, International Timbre Conference 2018
2016	**Volunteer Tutor**, DESTA Black Community Network, Lion Wolf School
2015	**Founder & Organizer**, The Diversity Project, Vanier College
2015	**Organizer**, Women and Racism in STEM Panel Series, Vanier College
